**IDLE THOUGHTS BY JOHN STARK**

Wow I am writing this looking at the snow on my vehicles in the driveway, heat , hurricanes, snow in October, what the heck is going on. Must be natures way of telling me I need to stay indoors and build some of my stock pile, or at least finish some of my started kits. It does hamper my ability to paint outdoors though. Some how I will work through it. Being unemployed sucks but it does allow me some quality model time.

**MEETING RECAP**

We had 11 models on the table for the paper bag contest. Great showing on this always popular contest. A lot of great looking pieces on the table. Sorry I had to bail out early, but I couldn't miss the chance to once again see the famous Dick Dale in concert. The show was fantastic, and from what I hear the meeting was also. Thanks to Dave and Joe for picking up the slack in my absence. It was nice to see Keith there early on a Friday too, that doesn't happen to often.

Congratulations to all who entered and to those who placed in the voting. 1st place Tory Mucaro, 2nd place Doug Van Houten, and a 4 way tie for 3rd with Felix Plaza Jr., Stan Zakita, Stash Serzan and Dave Wood, and the wild card going to Tommy Seip. Speaking of Tommy it was nice to see him at the meeting once again.

That really threw the final standings a real curve, we ended the year with a tie for 3rd as well as a tie for 4th. I think we have to come up with some sort of tie breaker or rework the points so we can clarify the year end awards, but till then congratulations to all of our contest series winner. You will find out who you are at the December meeting.

## JERSEY CON II

Congratulations also go out to Ed Isnardi who took 2 trophies at the NJIPMS Jersey Con II show held in Mount Laurel, as well as, Jerry Hughson, Mike Napolean, and Nick Sandone.

In all honesty I wasn't that impressed with the show out there. It was tight, spread out through the rooms and hallways of the hotel, the vending room was very cramped as well as the awards area. It also looked like the model count was well down.

It was humorous and painful watching the judges take between 30 and 40 minutes to judge the 2 trucks( that's right 2 trucks) in the light commercial class. There was some very nice models in the contest, just not that many of them.

Once again I counted at least 2 dozen awards going to NJIPMS' own members. It must make them feel special to hand themselves awards, but as a paying attendee it leaves a sour taste in my mouth, as well as that of others I spoke with.

## THEMES

We are well on our way to getting the themes together for 2012. A lot of members are stepping up to the plate with ideas already. That is great, we want to do what you want, help us out , give us your ideas at this month's meeting so we can finalize them.

## DUES,DUES,DUES

Don't forget it is time to start paying your yearly dues again, if you don't pay your membership will lapse, as well as missing out on the newsletter and all the things that make the club as great as it is. For the most part you being there.

## CHRISTMAS PARTY

If you are coming to the party you must let me know. I need a rough head count so we don't run out of anything. See me at the meeting or e-mail me. It is very important, so please respond. **Don't forget the theme build this year is anything Christmas**

## **DRAG RACE SHOW AT THE SIMEONE MUSEUM**

Hopefully I will have an update on the Drag Race show at the museum being held the first week of November.

That's all I have for now, Time to build something, See you at the meeting, and Remember, It's a hobby Keep it Fun

## **CHRISTMAS BUILD UPDATE**

The theme has been changed because the Hudson's were not out in time. Because it is a popular vote contest the members voted to change the theme to CHRISTMAS. The build can be anything as long as it is a Christmas theme.

The Hudson will be our 2012 Christmas Kit bash build. Therefore there will be no need to vote on a 2012 model kit. We are just pushing the Hudson back to next year.
